

# LMDC: Fingerprinting Errors

Measurement method:

The number of fingerprints not meeting quality standards that are not immediately corrected

Why measure?

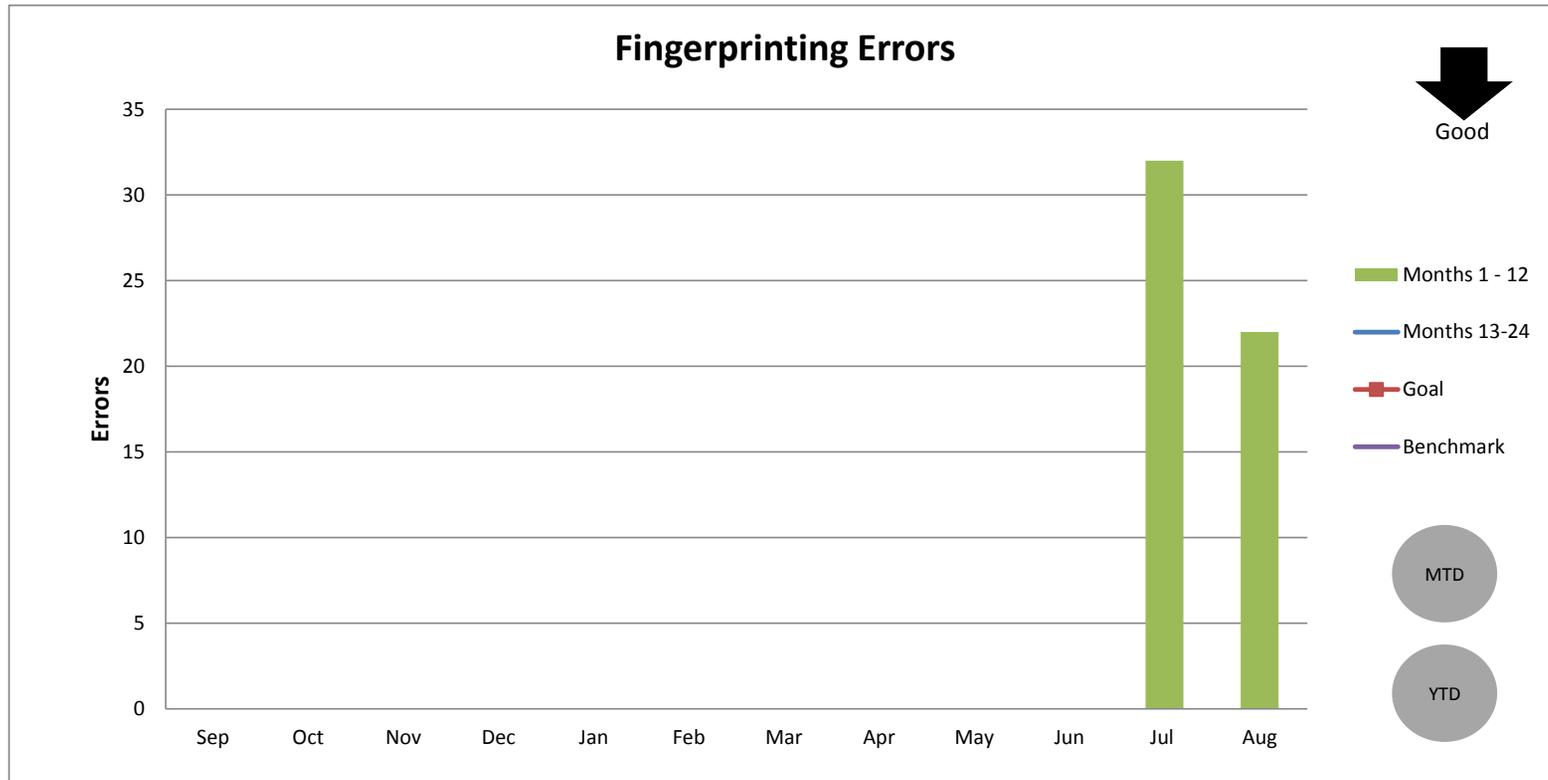

The quality of fingerprinting affects booking and the state and federal justice administration system

What is our goal?

Reduce the number of fingerprinting errors

How are we doing?

YTD Goal = 120 errors (goal begins in September); YTD Total = 54 errors; YTD Average = 27 errors; MTD = 22 errors

	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Average	Median	Standard Deviation	Totals
