

Property Acquisition (VAP)

Comm Services & Revitalization

2/28/2014

Measurement method		Why measure?		What is our goal?			
The number of properties added to the property inventory in a month either through a donation or by the completion of a VAP (vacant and abandoned property) foreclosure		To clear up legal issues that cannot or have not been resolved by private means. When incoming activity is highest, the Landbank is "churning" real estate to stimulate a market response. Each additional property adds to the number of properties available for productive use		TBD			
How are we doing?
