

# Metrowide OSHA Count of Reported LTI Human Resources

KPI Owner: Amy Miller/Sherri Toohey-Taylor

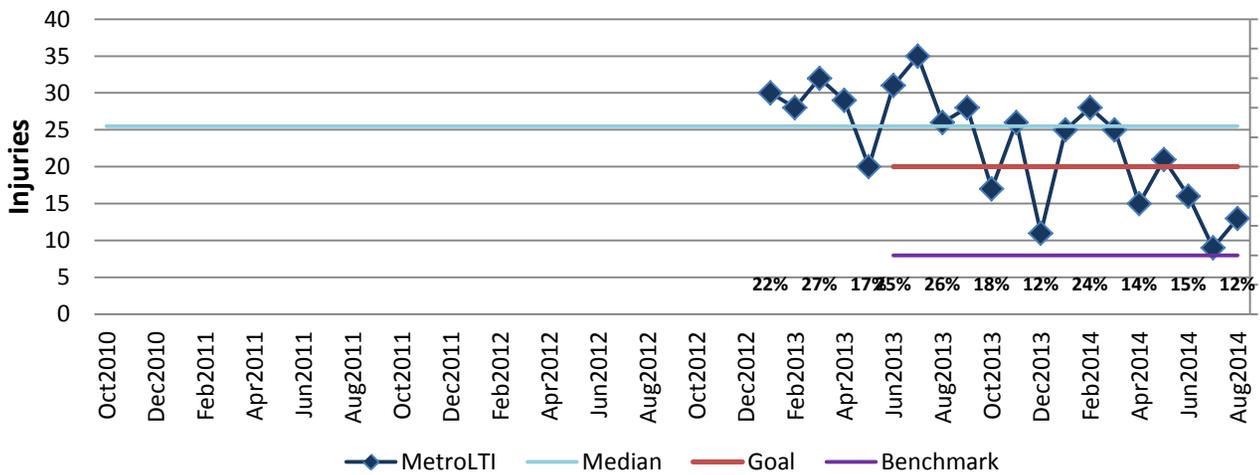

Process: Safety Management

Baseline, Goal, & Benchmark	Source Summary	Continuous Improvement Summary
<p><b>Baseline:</b> Average CY13 26 reported</p> <p><b>Goal:</b> Compared to CY13, reduce the total number of LTIs on average per month to &lt;=20 reported occurrences. The reduction would equate to a 20% reduction of the frequency.</p> <p><b>Benchmark:</b> Benchmark goal is a frequency of 1.8 for Local Government this equals a count ≈8 LTIs per month</p>	<p><b>Data Source:</b> OSHA Log</p> <p><b>Goal Source:</b> Metro OSHA 5 Yr Plan</p> <p><b>Benchmark Source:</b> National BLS - Bureau of Labor Statistics</p>	<p><b>Plan-Do-Check-Act Step 5:</b> Pilot short term and/or long term solutions</p> <p><b>Measurement Method:</b> Monthly sum of the count of LTIs</p> <p><b>Why Measure:</b> To reduce the most significant injuries that are both high dollar and produce the most permanent employee impairment</p> <p><b>Next Improvement Step:</b> Finish JHA, complete implementation of 1st Report of Injury, and focus on high LTI frequency departments</p>
